

Aquitaine *spirit*

Innovative tools for forests in the Aquitaine region

Olivier Degos

Regional Delegate for Sustainable Development

Aquitaine *spirit*

Managing the consequences of a windstorm

- January 2009, Klaus:
 - > 200,000 ha damaged
 - Destruction of an economic asset for the region and a carbon sink

➔ A need for reforestation
A focus on carbon issues

Aquitaine *spirit*

An association as a facilitator

Partner organisations are included within the association.

Towards a Carbon Fund

- A global outlook on carbon assets
 - Mandatory carbon units (Kyoto/ EU ETS)
 - Voluntary carbon (compensation)
 - Energy efficiency certificates
- A feasibility study on both sides:
 - Supply: benchmarking of projects
 - Demand: estimation of interest

Time frame

Association
created

May 16th

Work of
scientific committee

From June on

Certification of methodology

Y+1 to Y+2

Delivery
of credits

Y+3 to Y+4

Aquitaine Carbone Association
Carbun Fund

End September

Result for
feasibility
